CAREER STATEMENT

After serving in the Italian Navy for the past 14 years, I am seeking a new opportunity to apply my outstanding management and organization skills. With drive, enthusiasm, initiative and the ability to work under pressure, I have a proven track record of success and the potential to contribute positively to an innovative and focused work environment. Following my desire to improve my knowledge on Space I am currently attending the Master of Science in Space Studies at International Space University, Strasbourg, France.

SKILLS & EXPERIENCE

- Consistently manage staff with integrity and high standards
- Successfully encouraged team work among my direct reports and colleagues
- Experience leading, managing and developing teams up to 160 men
- Excellent organization, prioritisation and time management skills
- Ability to learn and apply new concepts and assimilate new information into current workflows
- Proven ability to solve problems, work under pressure and deliver to deadline
- Ability to handle extreme pressure and responsibility
- Articulate communicator who can liaise with a vast range of people at all levels of an organisation (internal and external)
- Proactive approach with the ability to show initiative and implement new, improved procedures
- Results focused with strong attention to quality and detail
- Working knowledge of Satellite Toolkit Software (S.T.K)
- Military operations expertise on physical security issues

KEY ACHIEVEMENTS

- Best Student, Communication Information System Officer Course, University of Marine Corps, 2004
- Magna cum laude, Master of Science in Advanced Communication and Navigation Satellite Systems, University of Rome, Tor Vergata, 2007
